PREVENTING

Prevention is better than cure, which is why we at PDSA are passionate about protecting pets from disease.

We vaccinated **72,000** pets to protect them from illness and disease.

We microchipped **52,000** pets to help reunite them with their owners, should they become separated.

We neutered **33,000** pets to prevent unwanted litters and a range of life-threatening conditions.

We dispensed more than **250,000** flea treatments and over **150,000** worming products.

EDUCATING

The more that pet owners know and understand about pet wellbeing, the healthier and happier their pets will be.

We met **93,000** young people through our school and community talks.

Our mobile PetCheck tour visited **250** locations and carried out **3,500** free wellbeing 'MOT' checks for dogs

Our **PAW REPORT** helps us understand the state of the pet nation.
